

Chettinad College of Engineering & Technology, Karur

Department of Computer Science and Engineering

News Report

Programme Name: Kalam Awards Competition

Date: 31-09-2023

Venue: IFET Engineering College, Villupuram

Number of Participants: 12

The Kalam Awards Competition named after the visionary, Dr. A. P. J. Abdul Kalam, celebrates innovation, scientific temperament, and excellence. Our students understood the importance of participating in this competition, given its significance in promoting the spirit of innovation and entrepreneurship among young minds. On September 31, 2023, three teams from the III - Year CSE department presented their ideas at the IFET Engineering College, Villupuram. These projects demonstrated their dedication to addressing important societal issues and making a positive impact on our community.

It gives us great pride to announce that their efforts and innovations were recognised at the Kalam Awards Competition. Three teams (12 members) were honoured with the prestigious Young Achiever Award at Anna University, Chennai, on October 15, 2023, a testament to the team's dedication, creativity, and passion for making a difference.

Our department is proud of this achievement and looks forward to building on this success to make an even greater impact on our community and beyond.
