

Chettinad College of Engineering & Technology, Karur

Department of Electronics and Communication Engineering

News Report

Programme Name : Open Day Visit: Indian Institute of Science (IISc), Bangalore

Faculty Incharge : Dr G Sahaya Dennish Babu, AP/Physics

Date : 24.02.2024

Venue : Indian Institute of Science (IISc), Bangalore

Number of Participants: 22

Description:

The Enrichment Committee of ChettinadTech organised a one-day Open Day visit to the prestigious Indian Institute of Science (IISc), Bangalore, on February 24, 2024. Twenty-two students from the first year of BE and BTech, representing various departments such as CSE, ECE, AI and DS, and Mechanical, accompanied by two dedicated staff members, immersed themselves in this enriching experience.

Throughout the day, esteemed faculty members, research scholars, and master students captivated our delegation with insightful presentations, unveiling the wide array of academic programmes offered at IISc. Visionary researchers at IISc showcased their ongoing projects and revolutionary technologies, demonstrating ground breaking discoveries that push the boundaries of knowledge.

The exhibitions provided glimpses into the cutting-edge research landscape at IISc, highlighting its significant contributions across diverse realms of science and technology.

Students embarked on immersive expeditions through various departments, exploring the frontiers of Computer Science and Automation, Instrumentation, Materials Engineering, Electronics, Computational Sciences, and the Centre for Nanoscience and Engineering (CeNSE).

This rendezvous with IISc on Open Day 2024 served as a catalyst for our budding engineers, igniting their passion for academic excellence, research ingenuity, and a steadfast commitment to propel our nation forward. Here's to a future brimming with innovation, driven by the aspirations of our young minds as they navigate towards transformative discoveries and societal impact.
