

Chettinad College of Engineering & Technology, Karur

Department of Mechanical Engineering

News Report

Programme Name: Field Trip

Date: 17-08-2023

Venue: Sri Chendur Motors, Vaibav Bajaj, and Jayalakshmi Motors in Karur.

Number of Participants: 29

Description:

The Mechanical Engineering department went on a one-day field trip to places like Sri Chendur Motors, Vaibav Bajaj, and Jayalakshmi Motors in Karur.

At Sri Chendur Motors students learned about brake system, chain adjustment, and fuel system of a two wheeler.

At Vaibav Bajaj, they saw BS-VI bikes and learned about their advanced technology. They also saw bike engine parts like camshafts and flywheels which was explained and assembled in front of them

Finally, at Jayalakshmi Motors, they saw a six-cylinder engine heavy vehicle and the working of a cut model from the front axle to the rear axle was explained to them.

This trip was really helpful for learning about Automobile Engineering.
