Programme Name: EcoVision: Illuminating Tomorrow with Green Energy"

Date: 10-04-2024

Venue: G Block Seminar Hall

Convener: Mr. N. Vijayasarithi, HoD/EEE

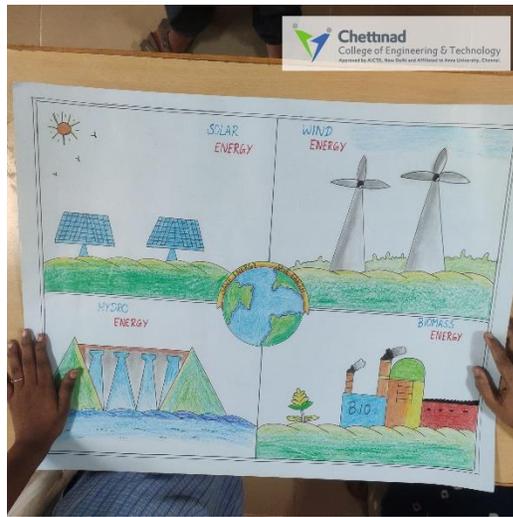

Student Coordinator: Ms. P. Nageshwari, 2nd Year EEE

Ms. S. Nathiya, 2nd Year EEE

Description:

The ChettinadTech Green Energy Cell conducted an intra-level contest, "EcoVision: Illuminating Tomorrow with Green Energy" on 10th April 2024. This contest was open to all currently enrolled in our college. Totally 45 students registered for this contest. This contest aims to drive the global transition to cleaner, sustainable energy sources and emphasizes the importance of renewable energy in creating an eco-friendlier future. It motivates the students to take individual and collective actions that contribute to a more sustainable future in their personal and professional lives. The outcome of the contest is to enhance their skills in innovative concepts and showcasing their commitment to advancing eco-friendly initiatives. All the students showcased their poster design for juries perusal. The juries of this contest, Dr. M. Senthilkumar, Prof./EEE, and Ms. A. Gnanarathinam, Sr. AP/Chemistry, evaluated the student presentation and innovative poster designs. In the EcoVision event, I year EEE Ms. K. Vidhiya won the first prize, I year CSE Ms. M. Pooja won the second prize and I year CSE Ms. L. Abithataj won the third prize. The vote of thanks was given by Mr. N. Vijayasarithi, HoD/EEE of Chettinad College of Engineering and Technology. He thanked the juries, student coordinators, and all the participants for their valuable contributions and support towards making the contest a success.
